

CANNON OFFSHORE FUNDS

Eris ICC Limited Cannon Global Opportunity Fund IC Limited
January 2019

INVESTMENT OBJECTIVE

The investment objective of the Fund is long term capital growth which the Fund will seek to achieve by investing in a concentrated portfolio of assets and investment strategies. Assets that may be included are equities, fixed income, property and cash investments. It will utilise a variety of investment strategies including tactical asset allocation to absolute return investments within each asset class.

INVESTMENT COMMENT

After a brutal December, January saw a welcome and substantial upturn in fortunes as global equity markets posted their best month's performance in over seven years. More dovish comments from the Federal Reserve eased fears of a policy error derailing US growth momentum, a largely positive US corporate earnings season evidenced continuing underlying economic strength and less belligerent rhetoric in the US-China trade war raised hopes of a sensible resolution. Potential headwinds haven't disappeared – economic data out of the Eurozone and China underwhelmed and the longest government shutdown in US history provided a reminder of the effects of an unpredictable and, at times, chaotic White House – however this was a positive start to 2019.

The value of units may go down as well as up and investors may get back less cash than they originally invested. Past performance is not necessarily a guide to the future. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. The units of Cannon Global Opportunity Fund IC Limited are traded at ruling prices and are priced monthly using the forward pricing method. A schedule of fees and charges and maximum commissions is available on request from Cannon Asset Management Limited, the Management Company. Cannon Global Opportunity IC Limited is a collective investment scheme, which invests in other collective investment schemes, which levy their own charges. Commission and incentives may be paid and if so, are included in the overall costs. Figures quoted are from Cannon Capital Advisors Limited for a lump sum investment using sell-sell prices, which exclude initial fees. Cannon Capital Advisors Limited funds are accumulation funds and do not distribute income. Performance is quoted in sterling terms.
