

CANNON OFFSHORE FUNDS

Deposit Plus Fund June 2013

INVESTMENT OBJECTIVE

The Fund seeks to achieve its investment objective by investing in deposits, short dated government bonds, short dated corporate bonds and selected funds with low portfolio duration where appropriate. Bonds will generally be of 5 year maturity or less and the average portfolio maturity will generally be 3 years or less. Substantial exposure to gilts and deposits may also be held from time to time.

INVESTMENT COMMENT

The fund's exposure to corporate bonds resulted in a 0.78% fall in value this month. The US Federal Reserve Chairman's statements that tapering of bond market intervention would take place in the near future (despite clear signs that the US economy is still labouring to grow due to government spending cuts) triggered further sell offs in global markets, including GBP bonds. Despite bonds being less than 25% of assets and having total duration of just over 4 years, the fund fell in value. We have since exited bonds entirely as further losses and comments from overseas officials could not be ruled out, though we think a weak UK economy puts interest rate increases or removal of quantitative easing by the Bank of England years away. The fund has a positive return for the year and we have arranged excellent cash returns to replace bonds. We anticipate gains from other holdings as market become somewhat more rational over future months.

IMPORTANT INFORMATION

Investment in the units of open-ended investment funds is generally a medium to long-term investment. The value of units may go down as well as up and investors may get back less cash than they originally invested. Past performance is not necessarily a guide to the future. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. The units of Cannon Deposit Plus Fund are traded at ruling prices and are priced weekly using the forward pricing method. A schedule of fees and charges and maximum commissions is available on request from Cannon Asset Management Limited, The Management Company. Cannon Deposit Plus is a collective investment scheme, which invests in other collective investment schemes, which levy their own charges, together with direct investment in investment grade bonds. Commission and incentives may be paid and if so, are included in the overall costs. Figures quoted are from Cannon Asset Management Limited for a lump sum investment using sell-sell prices, which exclude initial fees. Cannon Capital Advisors Limited funds are distribution funds and do not distribute income. Performance is quoted in sterling terms. Please refer to the prospectus of this scheme for more details, a copy of which is available on request from the Management Company, the registered office of which is Kingsway House, Havilland Street, St Peter Port, Guernsey, GY1 3FN. *= Source Bloomberg.
